Design Presentation: 39

FOR PUBLIC RELEASE: 12/17/2020

We concluded our week of testing in Glamis to evaluate the sand tires and CVT performance.

We are happy to report that the exact same CVT tune we developed for desert driving gave great performance and durability in the dunes on the speed paddle tires.

**The tires we tested are the Speed PLW10 Tires they are available with the speed Beadlock wheels if you want to maintain factory width.**

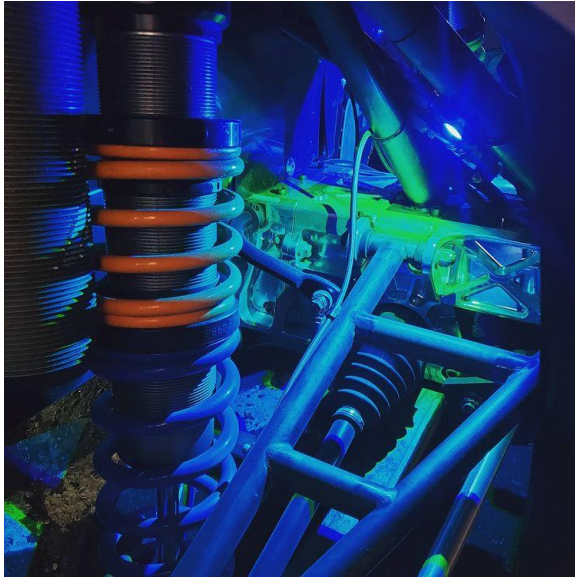

**Chassis and suspension durability was further tested with repeated large jumps and G-outs. We experienced no mechanical failures throughout the entire week of testing.**

**The Final clutch tunes and data is being processed for manufacturing.**

We had the rock lights, whip lights, 50" light bar, chase light and Mirror Lights on for testing. All performed well.

Speed Work/Dome Lights

SPEED 5ft LED Whip/Flag

Speed 50 Inch Radius Light Bar with  
Speed Brackets

SPEED Heavy Duty Universal Rear  
Chase Bar

SPEED Side Mirrors With Front-Facing  
LED Lights

Speed UTV Radio and Intercom Kit

Speed UTV White Glove Warranty
