QUESTIONS

Q: Where can we purchase spare parts?

Brad H. Mengel asked a question

10h · 🌐

Serious question here, not trying to start a troll meeting....are Speed spare parts gonna be only available thru Speed? Are companies like Rocky Mountain ATV and Partzilla which carry OEM parts for many manufacturers gonna carry Speed parts? And the bigger question is how is availability of parts goin to be? I know, I know...Speed cars won't need spare parts 🤔 but I am guaranteeing people gonna be breaking theirs first day somewhere out there especially if you plan to race yours....

Along with the first order of UTVs there will be a large order of Spare parts.

Parts will be available through Speed UTV directly and Speed UTV Dealers

QUESTIONS

Make sure your passengers adjust their seat belts so they don't get hurt...

Lap belts need to be located on the hip bones, Sternum strap should be away from neck.

PRODUCTION

ACCESSORIES

QUESTIONS

Speed UTV Has a 5 Point harness in every Vehicle!

The 5th point strap hold the lap belts on the hips.

It also holds the occupant from slipping out the bottom (anti-submarine)

Sensor will have speed limiter until all 5 straps are attached. We will publish a guide on proper adjustment
